
Mechanical and Electrical Maintenance Engineers

Covering London Area

Role Description

Due to our ever increasing work load we are currently looking to recruit full time permanent mobile mechanical and electrical maintenance/ small works engineers within the Essex and London Areas.

This is a mobile role working in a wide range of commercial buildings carrying out planned and reactive maintenance to HVCA plant and associated services. This role will also entail an element of installation works on a smaller scale.

Minimum requirements :-

NVQ level 3 in a building services related discipline

Desirable Qualifications/Certifications:-

F-gas certification

Electrical testing and inspection

Commercial gas safe training

HVAC Experience (AHU's / FCU's / Pumps / Vessels)

You will be required to be DBS vetted for this position

This is an excellent opportunity to join a fast-paced and very established Building Services contractor. Please return the application form available on our website under the careers section, enclosing your CV and send via email to recruitment@munroservices.co.uk
