Building Services Specialist since 1953

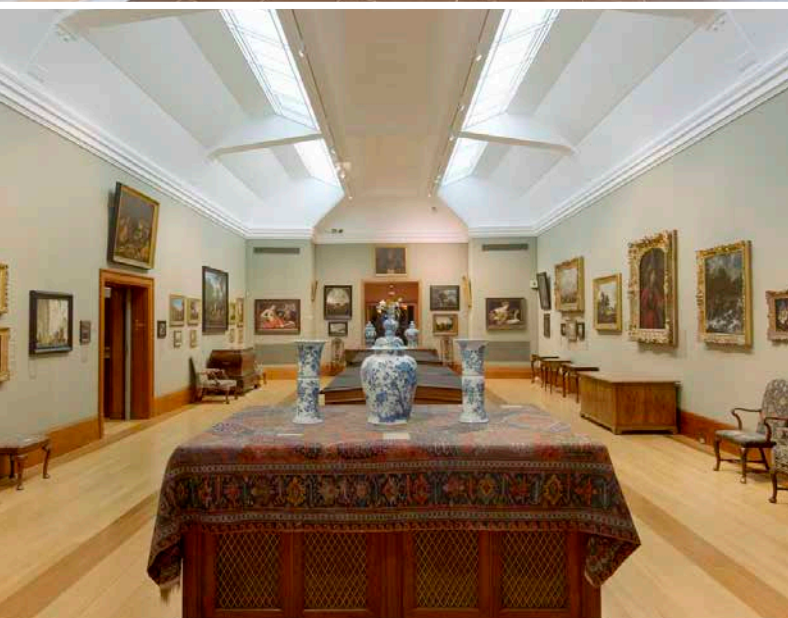

Delivering
sustainable
engineering
solutions; looking
after our
customers and
their assets

Not sure what you're legally required to do?

Maintenance Checklist

Is your workplace compliant and up to date with its Mechanical & Electrical maintenance?

Have you undertaken all necessary asset inspections to ensure your building is operating efficiently?

Here's a little checklist to help:

- Gas servicing and certification on your boiler
- Legionella risk assessment
- TM44 Air-conditioning and air handling inspection
- Fixed electrical test
- Portable appliance testing
- Water quality and temperature testing
- Emergency light testing
- Thermostatic blending valve servicing and testing
- Mechanical planned preventive maintenance
- Electrical planned preventive maintenance
- Buildings controls
- Air handling service
- Extract fan service
- Ductwork inspection

Please contact us to arrange a **FREE** condition survey and consultation by contacting: Emma Wilkins on **01223 702100** or maintenance@munroservices.co.uk
